## Story Factory Excursion

Lisa Kalocsai

On Tuesday 22<sup>nd</sup> May, Year 7 travelled to Redfern to visit the Sydney Story Factory. Students worked in small groups with over ten expert volunteers, who guided the students as they created their own characters and movie plot. The students learned about genres and settings and created a story which described their character, introduced a complication and described a resolution. At the end of our visit, Grace did a wonderful job of thanking the facilitator and the volunteers on behalf of Santa Sophia for their time and their helpful guidance. The students will continue to develop their characters in English during Term 2.

## Cross Country

Ivy Magistrado

In April, all students participated in the Cross Country, which stretched to two kilometres, running multiple laps around the school oval on a very hot day! Every student gave their best effort and had the opportunity to participate in the PDSSC Cross Country at Jamison Park.

Our age champions were Kiera Gaul (12 year Girls), Sadie O'Neill (13 year Girls), Willem Machin (12 year Boys) and Kurt Seget (13 year Boys).

Willem will represent Parramatta at the NSW Combined Carnival in June.

We wish Willem all the best for his run and congratulate all students for participating and achieving their personal best.

## Welcome to Ms Sally-Anne Webster

Mark De Vries

Over the next few weeks, Sally-Anne Webster, a pre-service teacher enrolled in an Education Degree at the Australian Catholic University will be undertaking a professional experience program (teaching practicum) at Santa Sophia. Sally-Anne will be working very closely with Mrs Kalocsai to both observe and participate in the teaching and learning in HSIE & English. We welcome Sally-Anne, and hope her experiences at Santa Sophia will help build her capacity as a future teacher.
