Extra-curricular Activity Program for Years K - 6
including before school care, after school activities and vacation care

“**Santa Sophia is excited to launch Ambrose Activities.** The program extends our school curriculum and provides an opportunity for children to learn new skills, have fun and build social connections. Ambrose Activities is not just for students who require after school care, it is a valuable part of the Santa Sophia learning journey and we recommend every primary school child attends at least two days per week”.

Mark DeVries, Principal, Santa Sophia, Box Hill

Our afternoon program includes:

HOMework CLUB Inquiry based learning under the Santa Sophia Framework, led by Santa Sophia teachers. Santa Sophia secondary students also support the club by mentoring groups of children. Each Friday children work on their Personal Interest Project (PIP).

MY TIME Games, activities, and free-time facilitated by Ambrose specialist educators experienced in the nationally approved learning framework, My Time Our Place. A variety of activities are programmed each day according to the children’s interests and ideas.

Homework Club
Building confidence with guidance, support and friends!

My Time
Games, activities fun, and free-choice – the children choose how their time is spent!

MASTERCLASSES
